

# Cardboard!

If coronavirus has you hiding out in your fort or dare I say, hiding toilet paper, then you should gather up your cardboard. OCC has risen in price due to the high demand for paper goods. So those cardboard boxes that are sitting in your recycling centers needs to get baled and OFF TO THE MARKET! You can clean out your centers, get paid a better price and help the supply chain put more paper goods on those grocery shelves!

## PEP Rally!

The recycling mills are open! If you are ready for a pick-up, call Lori with PRPC at (806) 372-3381.

**Stay Safe out there!**
