

Happy New Year!

Panhandle Environmental Partnership

PEP Rally!

New Year—New Protocol:

With the new year, there are some new changes taking place at Keep Texas Recycling (KTR). Rachel is no longer with KTR. We are all sad to see her go. The new KTR program manager is Zoe Killian and we are excited to welcome her. With the new staff changes comes a new protocol for requesting a pickup for a load of OCC or paper. All requests will be sent in via email to Daphne Morcom at PRPC, dmorcom@theprpc.org. If there is an issue with a truck, you will contact Zoe. Everyone should have received an email from KTR with the new contact information. If you did not, please reach out to me, Daphne, and I will get that for you.

If you are interested in recycling in your community, contact PRPC about applying for a grant to get started or add to an already existing program. Many materials, such as cardboard, paper, mixed paper, white ledger paper and scrap metal, can be diverted from the landfill and sent to the recycling market for proceeds. It's a win-win for the community, city, county and environment. Even the smallest communities can participate and benefit from a recycling program. Call Daphne at 372-3381 to get your commodities back to the recycle market.

Happy NEW YEAR!
