5. PRPC RESOLUTION 26-09-17-01 – IN APPRECIATION OF SENATOR CHARLES PERRY

Mr. Michael Peters informed the Board of Directors that Senator Charles Perry has been a strong advocate for the Texas Panhandle and has demonstrated his support for the region and the work of the Panhandle Regional Planning Commission. Senator Perry graciously accepted the Commission's invitation to serve as the keynote speaker at the 2026 PRPC Annual Meeting. His participation in the Annual Meeting provided an opportunity for PRPC Board members and attendees to hear directly from a state leader who understands the importance of regional cooperation and the unique opportunities and challenges facing communities throughout the Texas Panhandle. Resolution 26-09-17-01 formally recognizes Senator Perry's participation in the Annual Meeting and expresses the Commission's appreciation for his continued support of regional cooperation and the communities served by PRPC.

Judge Nancy Tanner motioned for the Board of Directors to approve Resolution 26-09-17-01 expressing the Commission's sincere appreciation to Senator Charles Perry, Texas Senate, 28th District, for his support of regional cooperation and for serving as the keynote speaker at the PRPC 2026 Annual Meeting. Judge Wes Ritchey seconded the motion; the motion carried by unanimous vote.

6. PRPC VOUCHERS FOR THE MONTH OF AUGUST 2026

Mr. Trent Taylor informed the Board of Directors that the PRPC vouchers serve as tangible evidence of financial transactions, allowing review of all expenditures. This transparency builds trust and acts as a deterrent against fraudulent activities within our organization by requiring supporting documentation for every expenditure. August Vouchers total \$ 2,539,586.72

Ms. Ronae Bunn motioned for the Board of Directors to approve the vouchers for the month of August 2026. Judge Wes Ritchey seconded the motion; the motion passed by unanimous vote.

7. 2027 PRPC MEMBERSHIP DUES STRUCTURE

Mr. Trent Taylor informed the Board of Directors that the bylaws of the Panhandle Regional Planning Commission require the Board of Directors to recommend a membership dues structure to the general membership for each fiscal year. The general membership will convene at the upcoming annual meeting to formally approve the membership dues structure for the 2027 Planning Commission year. The Planning Commission's membership dues rate is presently set at 8.5¢ per capita. Using the 2020 Census, the current rate translates into approximately \$69,364 in revenue to the Commission. Local dues funds are used primarily as matching dollars for various regional programs, seed money for special projects, and for certain specific Commission operational expenses. The Planning Commission's proposed 2027 budget has been prepared assuming no increase in the membership dues rate and the continuing high level of local government membership participation. The Board of Directors recommended that the 2027 membership dues be recommended to the members at the Annual Meeting. Thank you for your consideration.

This is an informational item. No action was needed at this time.

8. 2027 PRPC STRATEGIC WORK PROGRAM AND BUDGET

Mr. Trent Taylor informed the Board of Directors that the Bylaws of the Planning Commission require the Board of Directors to annually review and recommend a work program and budget to the general membership. The general membership then reviews and adopts the budget at each year's annual meeting. The proposed 2027 Strategic Work Program and Budget is enclosed for your review. The document will be presented in detail to the Board's Executive Committee at their meeting prior to the Board meeting. The proposed 2027 Strategic Work Program and Budget was presented to the entire Board, with the recommendation to pass the budget along to the membership meeting. Staff will be prepared to answer any questions that you might have as you consider the Panhandle Regional Planning Commission's 2027 Strategic Work Program and Budget.

Thank you for your consideration.

This is an informational item. No action was needed at this time.

9. WORKFORCE DEVELOPMENT PROGRAM OPERATIONS AND SERVICE DELIVERY CONTRACT

Mr. Marin Rivas informed the Board of Directors that the Panhandle Regional Planning Commission (PRPC)'s current contract with the Huxford Group, LLC for the delivery of workforce development and childcare program services will end on September 30, 2026. The four-year contract, originally procured in 2025, is subject to renewal for an additional three years, given acceptable performance. Official performance for the delivery of workforce development and childcare program services for the Panhandle Workforce Development Board (PWDB) is measured by the Texas Workforce Commission (TWC) in several ways. Targets are set and enumerated in Huxford's contract with PRPC. Not meeting the contracted targets will negatively impact PRPC's payment of profit to Huxford. Huxford Group has met or exceeded all of our expectations for program performance, funds utilization, and contract compliance during the first ten months of this year. The organization's last audit resulted in an unmodified, "clean" opinion, and documented that the company possesses adequate unencumbered resources to cover potential disallowed costs, should they be incurred. The PWDB's fiscal monitoring review resulted in no major fiscal findings regarding Huxford Group's operations. The Fiscal Integrity Report, conducted by an outside Certified Public Accountant, states that Huxford "complies with the fiscal integrity requirements to administer services." The same CPA conducted a Risk Assessment on 17 factors, with the report indicating no items rated as "high risk". PRPC's Workforce Development local Program Monitoring Reviews for the past year, performed by PWDB staff, resulted in no significant program findings regarding Huxford's operations. The PWDB staff also completed the Program Risk Assessment indicating no items rated as "high risk". This renewal's contracted amount for operations is estimated to be approximately \$3,963,779. Huxford Group would also be responsible for obligating the use of about \$20,856,455 in additional funds for client training, supportive services, and childcare as a part of this agreement. Most of these funds would be retained at PRPC as the administrator for distribution. The contract would be for the period of October 1, 2026, through September 30, 2027, with the option for two additional annual renewals contingent upon acceptable performance. The funds to cover associated costs would be available from TWC and from local childcare matching funds. Consideration of this renewal was presented to both the Panhandle Workforce Development Board and the Panhandle Workforce Development Consortium's Governing Body in their August meetings, and both bodies approved motions to forward the recommendation to the PRPC Board of Directors to authorize staff to proceed with the completion and execution of a renewed contract with Huxford Group, LLC to deliver workforce development and child care program services for another year.

Judge Nancy Tanner moved for the Board of Directors to authorize the Executive Director to proceed with the completion and execution of a contract renewal with Huxford Group, LLC to deliver workforce development and child care program services for the period of October 1, 2026 through September 30, 2027, with the option for annual renewals contingent upon acceptable performance, as described above. Judge Shawn Ballew seconded the motion; the motion passed with a unanimous vote.

10. LOCAL GOVERNMENT SERVICES PRPC TITLE VI PLAN UPDATE

Mr. Jarian Fred informed the Board of Directors that since 2006, the Panhandle Regional Planning Commission (PRPC) has worked with the Texas Department of Transportation (TxDOT) as the Lead Agency for regional public transportation planning and coordination activities. This work has resulted in the development and adoption of Regional Public Transportation Plans and related planning initiatives addressing transportation coordination, mobility needs, access to services, and other transportation priorities throughout the Texas Panhandle. As part of its public transportation planning responsibilities, PRPC maintains a Title VI Plan to ensure that its planning programs and activities are conducted without discrimination on the basis of race, color, or national origin and that Limited English Proficient (LEP) individuals have meaningful access to the regional transportation planning process. PRPC is not a transit provider and does not provide direct public transportation services; therefore, the Title VI Plan applies specifically to PRPC's public transportation planning and coordination activities. PRPC has previously adopted Title VI Plans in connection with these responsibilities. Staff has prepared an updated 2026 - 2029 Title VI Plan to continue PRPC's compliance with applicable Title VI requirements and TxDOT public transportation planning requirements. The proposed Title VI Plan will become effective September 17, 2026, upon approval by the PRPC Board of Directors, and will cover the three-year period through September 17, 2029. The Title VI Plan supports PRPC's continued participation in TxDOT-funded regional public transportation planning activities, including the Regionally Coordinated Transportation Planning process. The Plan formalizes PRPC's procedures for ensuring nondiscrimination and meaningful access to the transportation planning process for minority and LEP populations throughout the region.

Mayor Kerry Symons moved for the Board of Directors to approve the Panhandle Regional Planning Commission 2026 - 2029 Title VI Plan and authorize the Executive Director to execute the Plan and any related documentation necessary for submission to the Texas Department of Transportation. Judge Mitchell Locke seconded the motion; the motion carried by unanimous vote.

11. LOCAL GOVERNMENT SERVICES CONSULTING CITY MANAGEMENT SERVICES INTERLOCAL CONTRACT RENEWALS

Mr. Max Seymour informed the Board of Directors that the PRPC has been providing Consulting City Management services to the Village of Lake Tanglewood since January 2000 and the Village of Timbercreek Canyon since 2001. The contracts for the cities are due to renew this fall. The proposed contracts for both the Village of Lake Tanglewood and Timbercreek Canyon call for a time commitment of 25 hours per month at an hourly rate of \$65.00. This will produce a monthly cost of \$1,625.00 and a total contract cost of \$19,500.00. The Villages and PRPC continue to enjoy a mutually beneficial relationship and look forward to continuing the relationship over the next year.

Judge Mitchell Locke motioned for the Board of Directors to authorize the Executive Director to execute an Interlocal Cooperation Contract with the Villages of Lake Tanglewood and Timbercreek Canyon. Mayor Kerry Symons seconded the motion; the motion carried by unanimous vote.

12. REGIONAL SERVICES PANHANDLE REGIONAL SOLID WASTE MANAGEMENT ADVISORY COMMITTEE APPOINTMENTS

Ms. Katrena Volden informed the Board of Directors that PRPC Administrative Regulation #31 governs the duties, activities, and composition of the Panhandle Regional Solid Waste Management Advisory Committee (RSWMAC). The RSWMAC is composed of 22 to 28 PRPC-appointed members and one to two standing positions held by representatives from the Texas Commission on Environmental Quality-Region One Office. Members are appointed to three-year, staggered terms. The RSWMAC composition must maintain a cross-section of solid waste professionals from the Panhandle Region. Each year, approximately one-third of the appointed terms expire, and those members must either be replaced or reappointed. No member may serve more than two consecutive three-year terms. Currently, four individuals need to be appointed or reappointed to the RSWMAC to meet the PRPC administrative standards. PRPC staff have contacted each nominee and determined they are willing and able to serve if appointed by the PRPC Board. Those Individuals are:
PRPC staff will provide the full composition of the RSWMAC at the board meeting for your review.

This is an informational item. No action was needed at this time.

Term Beginning August 1, 2024 – Expires July 31, 2027

Harvey Perez City Manager, City of Panhandle Partial term

The other three (3) slots will be provided at the next board meeting, once PRPC staff confirms the nominee's willingness to serve.

Mayor Kerry Symons moved for the Board of Directors to consider appointing and/or reappointing the individuals listed in the slate of nominations to serve on the Regional Solid Waste Management Advisory Committee. Judge Christy Dyer seconded the motion. Mr. Oscar Ostos abstained; the motion carried with a sufficient number of votes.

13. REGIONAL SERVICES LOAN AGREEMENT COORDINATION FOR PERRYTON TDHCA HOME PURCHASE

Ms. Lori Gunn informed the Board of Directors that on June 15, 2023, an EF-3 tornado tore through the City of Perryton, damaging numerous buildings on Main Street, including City Hall. The tornado also touched down on the north side of town, in a residential area. Following the event, PRPC staff began looking at resources available to both residents and the city. One of those resources was the HOME Program through the Texas Department of Housing and Community Affairs with federal funding from HUD. The HOME Program allows eligible homeowners the opportunity to replace their home damaged in a named disaster. PRPC staff began working with the City of Perryton to get an application submitted on their behalf. The City of Perryton was overwhelmed with getting their own staff back into an office and asked PRPC to apply on their behalf as well as oversee the project. PRPC staff met with the pre-screened homeowners to discuss the program. Those homeowners originally opted to get a single-family residence. Unfortunately, after three rounds of Requests for Bids (RFBs), PRPC staff was unable to get a bid that was within the program requirements. We then

put out an RFB for Manufactured Housing Units or MHUs. This is where the program is at currently. The RFB deadline for MHUs is Monday, September 14th, at which point PRPC staff will open bids and score them. PRPC staff is anticipating that we will bring the lowest qualified bid to this board for approval. At your meeting, PRPC staff will provide an overview of all bids received as well as the scores received for each bidder.

This is an informational item. No action was needed at this time.

14. 2026 GENERAL MEMBERSHIP MEETING

The Regional Planning Commission's 2026 general membership meeting convened.

M E M O R A N D U M

DATE: October 22, 2026

TO: PRPC Board of Directors

FROM: Debra King, Area Agency on Aging Director

THROUGH: Michael J. Peters, Executive Director

SUBJECT: Agenda Item 9
Area Agency on Aging FY27 Service Provider Contract
Renewals and Execution

BACKGROUND

The Panhandle Area Agency on Aging (PAAA) coordinates and administers services funded through the Older Americans Act and other applicable funding sources to support older adults and caregivers throughout the 26-county Texas Panhandle region.

To ensure continued access to essential services, PAAA maintains contractual relationships with qualified service providers throughout the region. These agreements support a variety of programs, including:

- **In-Home Services:** Homemaker and personal assistance services.
- **Respite Services:** Temporary relief and support for family caregivers.
- **Durable Medical Equipment and Health Maintenance:** Equipment, supplies, and other authorized assistance supporting health, safety, and independence.
- **Transportation Services:** Transportation assistance to improve access to essential services and community resources.
- **Nutrition Services:** Congregate and home-delivered meal programs supporting nutritional health and well-being.

Provider Eligibility and Contract Negotiations

Service providers contracting with PAAA must meet applicable federal and state requirements, including Texas Health and Human Services Commission (HHSC) standards, relevant service definitions, and contractual requirements. Providers are expected to demonstrate the qualifications, capacity, and ability to deliver services in accordance with established program guidelines.

PAAA conducts annual rate negotiations and reviews with contracted providers to establish appropriate reimbursement rates for individual service categories. This process considers available funding, service delivery costs, applicable reimbursement limitations, provider capacity, and the need to maintain accessible and sustainable services throughout the region. Contract agreements are reviewed and renewed as appropriate based on provider qualifications, performance, available funding, and the continued needs of older adults and caregivers within the service area.

FY2027 Contract Renewals

PAAA anticipates continuing contractual relationships with qualified providers during FY2027. A listing of current and anticipated service providers is included for Board reference. Because provider agreements may have varying renewal dates, contract execution occurs throughout the fiscal year as well as at the beginning of the fiscal year. Historically, the PRPC Executive Director has executed individual provider contracts as they become due, consistent with established administrative practices and applicable requirements. At this time, we are requesting continued authorization to support timely contract administration, uninterrupted service delivery, and efficient management of the programs serving older adults and caregivers throughout the Texas Panhandle.

RECOMMENDATION:

Staff recommends that the Board of Directors acknowledge the FY2027 service provider contract renewal process and authorize the Executive Director to continue executing and renewing routine service provider agreements as needed throughout the fiscal year, subject to applicable policies and procedures.

ITEM 10

MEMORANDUM

DATE: October 22, 2026

TO: PRPC Board of Directors

FROM: Paige Goodell, Local Government Services Program Manager

THROUGH: Michael J. Peters, Executive Director

SUBJECT: Agenda Item 10
Local Government Services TxCDBG Application Development and
Management Services Interlocal Contracts – 2027/2028 Cycle

BACKGROUND

PRPC staff have worked with Panhandle communities to implement infrastructure improvement projects through the Texas Community Development Block Grant (TxCDBG) Program since 1983. Since that time, PRPC staff have provided administrative assistance for more than 350 TxCDBG projects, representing over \$90 million in grant funds used to improve infrastructure throughout Panhandle communities. The Texas Department of Agriculture (TDA) administers the program in Texas and is currently soliciting applications for the 2027/2028 TxCDBG program.

To comply with TDA program requirements while maintaining PRPC's long-standing practice of providing application preparation services at no cost to communities in the region, a no-cost interlocal agreement has been developed for application preparation activities. The agreement also provides an option to amend the agreement upon notice of award, allowing PRPC to provide project administration services if requested by the applicant.

The maximum grant award remains \$750,000, following the increase implemented during the 2025/2026 TxCDBG Community Development Fund cycle. The program utilizes a two-phase application process. Phase I applications are accepted every other year. During Phase I, cities and counties commit to providing the required matching funds and identify the type of project they intend to pursue.

Applications for the current cycle are due in November 2026 and will be scored competitively against other applications submitted within the Panhandle region. Applicants scoring within the funding range for the regional allocation, most recently \$2 million, will be invited to submit a more detailed, scope-specific Phase II application in early 2027. The next-highest-scoring communities, based on the original Fall 2026 Phase I scores, will be invited to submit Phase II applications in early 2028. The process will start over again in Fall 2028.

The following interlocal agreements are being presented to the Board of Directors for consideration: Cities of Farwell, Pampa, Perryton, Sanford, Skellytown, Vega, Wellington, and Wheeler

RECOMMENDATION:

SUBJECT: Agenda Item 11
Local Government Services Economic Development Advisory
Committee (EDAC) Appointments

BACKGROUND

Panhandle Regional Planning Commission was designated as the Economic Development District for the Texas Panhandle by the U.S. Economic Development Administration (EDA) in 1978. Every three years, PRPC seeks funding from EDA to facilitate the planning and implementation of economic development-related strategies in the Texas Panhandle. Currently, the Economic Development District is in the second year of its three-year planning grant.

The Economic Development Advisory Committee was established to provide general guidance and policy direction to the Economic Development District. Each county designated as distressed under Economic Development Administration (EDA) guidelines has a representative on the Committee. EDAC members provide insight into the specific issues facing their respective counties. The Committee also importantly serves as a contributor to the Comprehensive Economic Development Strategy (CEDS), the regional economic development plan which PRPC is tasked with preparing every five years, as part of the terms of the EDA planning grant. Because there is fluctuation in counties deemed to be economically distressed from year to year, it has been determined that those counties not listed as economically distressed will have ex-officio members to maintain continuity in the membership of the body. Members serve three-year staggered terms, and this year our committee will consist of twenty-one active members and four ex-officio members.

All counties are eligible for funding through EDA programs as long as they meet the EDA distressed criteria (unemployment or per capita income) at the time of the project grant application. This year's committee will include representatives from the twenty-one counties designated as distressed at the time of the PRPC Planning Grant application renewal. They include the following counties: Armstrong, Briscoe, Carson, Castro, Childress, Collingsworth, Dallam, Deaf Smith, Donley, Gray, Hall, Hartley, Hutchinson, Lipscomb, Moore, Ochiltrie, Oldham, Parmer, Potter, Roberts, Swisher, and Wheeler, along with the other noted ex-officio members continuing terms for continuity and the likelihood that their counties will again be noted as distressed in the near future.

RECOMMENDATION

Staff recommends that the Board of Directors approve the presented slate of nominees to serve on the Economic Development Advisory Committee.

Regional Services Interlocal Agreement for Administration of a
Hazard Mitigation Grant

BACKGROUND

The Hazard Mitigation Grant Program is authorized under Section 404 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act. The Unified Hazard Mitigation Assistance Grant Programs (HMA) provide grants to states and local governments to implement long-term hazard mitigation measures after a major disaster declaration. The HMA provides a critical opportunity to reduce loss of life and property from natural hazards and disasters and to implement mitigation measures during the immediate recovery from a disaster.

This grant program allows sub-recipient management costs to be utilized for the administration of the project. These funds are provided at a 100% federal cost-share; there is no local match required for the administration costs.

We have one jurisdiction with an application that was recently obligated:

Jurisdiction	Project Type	Project Total	SRMC Amount
Application Under Review			
City of Clarendon	Warning Siren	\$90,500.00	\$4,525.00

RECOMMENDATION:

Staff recommends that the Board of Directors approve the listed project and authorize the Executive Director to execute an interlocal agreement for professional services from the PRPC's Regional Services Department on the FEMA Hazard Mitigation Grant Projects.

SUBJECT: Agenda Item 13
Regional Services FY 2027 Regional Solid Waste Management
Grant Program Approval

BACKGROUND:

As directed by the Texas Health and Safety Code, a portion of funds collected through landfill “tipping fees” is dedicated to a regional grant program supporting projects that promote recycling and other activities to promote the goals of Regional Solid Waste Management Plans across the state. Every year, the Solid Waste Grants Program accepts applications for grant funds, and those projects are prioritized according to the priorities established in the Panhandle Regional Solid Waste Management Plan. That prioritized list is then submitted to the Texas Commission on Environmental Quality (TCEQ) for final consideration.

On August 26, 2026, notices went out to all eligible entities in the region for the FY 2027 Solid Waste Grant cycle. The PRPC received five applications totaling \$68,766.97 for the \$79,866.71 available FY 2027 Solid Waste Grant funds. The Regional Solid Waste Management Advisory Committee (RSWMAC) met on October 13, 2026, to review these applications, hear oral presentations from applicants, and establish a prioritization recommendation for the Board of Directors to review. The PRPC Board of Directors will consider that prioritized list for approval at the October meeting. That final prioritized list will then be submitted to the TCEQ for final approval. The list recommended by the RSWMAC for the FY 2027 Solid Waste Grant cycle will be presented at the Board of Directors’ meeting.

RECOMMENDATION:

Staff recommends that the Board of Directors approve the recommended list of FY 2027 Solid Waste Grant Applications for submission to TCEQ and, pending the TCEQ’s approval of the list, allow the Executive Director to enter into contracts with grantees for the implementation of the FY 2027 Solid Waste Grants Program.

SUBJECT: Agenda Item 14
Regional Services 2026 Regional Threat and Hazard Identification Risk Assessment (THIRA) and Stakeholder Preparedness Review (SPR) Approval

BACKGROUND:

Annually, every Council of Governments in Texas must fulfill several planning requirements in order to maintain their region's eligibility to receive State Homeland Security Program grant funding in the coming year. Typically, all three plans have to be updated each year; they are:

1. Threat & Hazard Identification Risk Assessment (THIRA);
2. Stakeholder Preparedness Review (SPR); and
3. Texas Homeland Security Strategic Plan (THSSP) Regional Implementation Plan

This agenda item only addresses the first two of these plans. The third plan will be presented to you at your December Board Meeting.

These plans are all developed in sequence under the direction of the PREMAC. The THIRA is used to test the region's preparedness capabilities against worst-case scenarios that could plausibly occur in the Panhandle. This year's THIRA scenarios included:

1. A large tornado that decimated Clarendon;
2. A massive wildfire that burned through Potter County north of Amarillo;
3. A winter storm that impacted the western half of the Panhandle;
4. A pandemic that shut down business and activities in Potter and Randall Counties;
5. An active shooter incident that occurred in downtown Amarillo;
6. The derailment of a train carrying hazardous materials just outside of Canyon; and
7. A Multi-Jurisdiction IED that impacts four cities across the Panhandle.

An evaluation was done to assess the region's current ability to cope with these types of situations within the context of the core capabilities comprising FEMA's National Preparedness Goal. The National Preparedness Goal describes a vision for preparedness nationwide and identifies the core capabilities necessary to achieve that vision across the five mission areas—Prevention, Protection, Mitigation, Response, and Recovery. The Preparedness Goal is made up of 32 core capabilities, including:

- | | |
|--|---|
| 1. Planning | 18. Environmental Response/Health and Safety |
| 2. Public Information and Warning | 19. Fatality Management Services |
| 3. Operational Coordination | 20. Fire Management and Suppression |
| 4. Forensics and Attribution | 21. Logistics and Supply Chain Management |
| 5. Intelligence and Information Sharing | 22. Mass Care Services |
| 6. Interdiction and Disruption | 23. Mass Search and Rescue Operations |
| 7. Screening, Search, and Detection | 24. On-scene Security, Protection, and Law Enforcement |
| 8. Access Control and Identity Verification | 25. Operational Communications |
| 9. Cybersecurity | 26. Public Health, Healthcare, and Emergency Medical Services |
| 10. Physical Protective Measures | 27. Situational Assessment |
| 11. Risk Management for Protection Programs and Activities | 28. Infrastructure Systems |
| 12. Supply Chain Integrity and Security | 29. Economic Recovery |
| 13. Community Resilience | 30. Health and Social Services |
| 14. Long-term Vulnerability Reduction | 31. Housing |
| 15. Risk and Disaster Resilience Assessment | 32. Natural and Cultural Resources |
| 16. Threats and Hazards Identification | |
| 17. Critical Transportation | |

Based on the 7 scenarios, the PREMAC established a Panhandle-relevant target for each of these 32 capabilities, which they felt could be achieved within the next 3-5 years. For example, for the core capability of “**Public Information and Warning**,” the following target was established.

*Within **10-minutes** notice of an incident, deliver reliable and actionable information to **300,000** people affected, including **65,030** people with access and functional needs (affected) and **45,000** people with limited English proficiency affected.*

The PREMAC identified a reasonable target for each of these 32 core capabilities. The importance of these 32 elements is that FEMA considers having an appropriate mastery of all these capabilities as being essential to addressing the most critical risks to our nation and to our region. The primary purpose of the THIRA is met with the development of these regionally-relevant core capability statements

In completing the Stakeholder Preparedness Review (SPR), the PREMAC weighed the region's current capabilities against the target capabilities developed for the THIRA. The difference between the target statements (which are basically goal statements) and the current capabilities exposed gaps that will have to be filled before those targets can be fully met. So, the SPR is used to identify the region's gaps by core capability, and they appear in the plan shown below. This example is for the core capability of **Screening, Search, and Detection**.

SPR Step 1: Assess Capabilities

Capability Target (what the region reasonably expects to achieve in the next 3-5 years)

*Within **2-hours** of notice of a credible threat, conduct screening, search, and detection operations for **10,320** people requiring screening, including **2,237** people with access and functional needs (requiring screening).*

Estimate of Current Capability

*Within **4-hours** of notice of a credible threat, conduct screening, search, and detection operations for **10,320** people requiring screening, including **2,237** people with access and functional needs (requiring screening).*

SPR Step 2: Describe Capability Gaps

Describe Capability Gaps in the table below, including any gaps in aspects of the Core Capability not addressed by the Capability Target statement, as appropriate. Sustainment of regional programs may be included as potential gaps. If no gaps exist for the POETE element, enter N/A.

Planning
Develop guidelines for the use of radios and cell phones during potential explosives incidents (MJIEDSP recommendation).
Organization
Panhandle jurisdictions need to maintain the routine submission of their Special Event data to the PRPC. That information will be uploaded or updated by the PRPC into the HSIN.
Equipment

Need mobile equipment that can be used in establishing security perimeters and checkpoints to support law enforcement efforts to locate, isolate and neutralize threats to public safety.
Training
Provide training on IED Search Procedures for Emergency Responders (MJIEDSP recommendation).
Exercises
Need to incorporate elements of screening, search, and detection with local and regional prevention & protection exercises.

The Step 2 process is completed for each core capability, so there are 32 of these POETE tables in the SPR identifying different activities and programs that could be undertaken to strengthen the region's ability to achieve the capability targets.

The SPR concludes with the PREMAC's identification of the 3 core capabilities prioritized for sustainment in FY26 along with the 3 core capabilities prioritized for potential enhancements in FY26.

Priority Capabilities to Sustain in 2027	Priority Capabilities to Build in 2027
1. Planning	1. Forensics and Attribution
2. Public Information and Warning	2. Intelligence and Information Sharing
3. Operational Communications	3. Infrastructure Systems

The SPR gap information is now being used to inform the development of the final plan the region must complete to be eligible for FY26 SHSP funding – the THSSP Regional Implementation Plan. That document, which will be presented to you in December, will identify priority areas for FY26 funding based on the findings of the THIRA and the SPR.

The PREMAC met on October 7th to review and consider the final drafts of the THIRA and SPR. The committee approved both documents with the recommendation provided below.

RECOMMENDATION:

The Panhandle Regional Emergency Management Advisory Committee recommends the Board of Directors approve the Panhandle region's 2026 Threat and Hazard Identification Risk Assessment and Stakeholder Preparedness Review, as presented, and authorize the submission of these documents to the Office of the Governor, Public Safety Office by the November 30, 2026 deadline.

In order to check progress throughout the year, we are required to submit to CSEC a quarterly performance report that includes 9-1-1 call volumes, monitoring results, network outage reports, system testing, and the status of equipment replacement. The following items make up the key points of the FY26 Q4 performance report covering June, July, and August.

- There were 28,290 9-1-1 calls received from the 21 regional call centers, and 24,741 were wireless (87.45 percent).
- Staff monitored Public Safety Answering Points (PSAPs) 12 times with no findings.
- PSAP staff and PRPC staff performed 3,364 Network test calls.
- There were 12 outages during this quarter.
- The region received 1,756 text messages during this period, with the vast majority as test texts.

After reviewing your QPR, below are the areas that need to be reviewed or corrected –
- Total wireless calls – looks like you just entered the wrong number here. Will you double check this?
- Sb8 Narrative – will you include a brief narrative on where you're at with your Sb8 funds? Since you're done with those funds just note when you spent them fully down.
