Response to Question(s):

---

AD1.001      Question: inquiring about the opportunity to install 6 manufactured homes in Perryton, TX.

The bid packet states that for each home #, there are 2 options: 2 bed/1 bath AND 4bed / 2 bath. However, the specification description states the following below:

Specifications Descriptions Install up to six (6) min. 820 SF, 2-bedroom, 2-bath “Manufactured Housing Unit” (MHU), energy-efficient, HUD-approved Single-Wide MHU, on property at the same location as the old MHU. Install up to two (2) min. 1,000 SF, 3-bedroom, 2-bath “Manufactured Housing Unit” (MHU), energy-efficient, HUD-approved Single-Wide MHU, on property at the same location as the old MHU.

**Response:**

**We expect three (3) MHUs that are 2 bed/2 bath and three (3) MHUs that are 3 bed/2 bath. However, the Texas Department of Housing and Community Affairs will reassess family size again, which is why it says “up to”.**
